

## Driving to Jacobs Well Airfield

Depending on the time of year it can be difficult to see the airport from the road because of the sugarcane.

The airport itself is approximately 350 m off the main Stapylton - Jacobs Well Road. The full address is 1638 Stapylton - Jacobs Well Road, Norwell 4208, (best of luck finding it on a car GPS - best to look for the Behms Road and Stapylton - Jacobs Well Intersection).

The airfield is a club operation and as such has very strict rules for visitors based around insurance liability issues. Please follow the directions with regards to parking and then immediately go to the clubhouse and sign the visitors book. Usually the easiest way of doing this is to give Clive Ryan a call on 0403038239 when you arrive in the car park.

All visitors must be accompanied by a member at all times.
